

CIEEP Pre-Approval Application

Commercial & Industrial Energy Efficiency Program (CIEEP) Pre-Approval Applications with project supporting documentation should be mailed to:
 City of Cuyahoga Falls CIEEP, ATTN: Becky McCleary, 2310 2nd Street, Cuyahoga Falls, Ohio 44221

Company Name: _____	Customer Contact - Required	Installer Contact (Optional)
Electric Account #: _____	Facility Contact: _____	Installer _____
Installation Site Address: _____	Title: _____	Contact: _____
City/State/Zip: _____	Phone: _____	Title: _____
Mailing Address, if different: _____	Cell: _____	Phone: _____
City/State/Zip: _____	E-Mail: _____	Cell: _____
Customer Rate Class: _____	Notes (if any): _____	E-Mail: _____
NOTE: Call Utility Billing at 330-971-8250 to ask All KWH		

Provide a descriptive narrative of the energy efficiency project to be implemented. What is the existing system? What is the proposed system? What is the reason/reasons for implementing the project? (append answer separately if more space is needed)

.....

.....

.....

.....

Provide technical explanation of how this project will achieve facility/process energy consumption savings. (append answer separately if more space is needed)

.....

.....

.....

.....

Describe the baseline system or equipment from which energy savings are being estimated. See Terms and Conditions for baseline assumption requirements. (append answer separately if more space is needed)

.....

.....

.....

Check Box to Verify Required Documents are Appended: (see Terms and Conditions for requirements)

- List of existing equipment or materials that are to be replaced in the project. Include manufacturer, model, HP or kW ratings, efficiency rating, etc. (provide technical product literature, or specification sheets if available).
- List of new equipment or materials proposed for the project. Include manufacturer, model, HP or kW ratings, efficiency rating etc.
- Specification sheets and submittals of all proposed equipment
- Energy consumption and summer month peak demand reduction calculations or energy model: Include all assumptions, calculation methodology, engineering tools, resources and equations used to determine energy savings. (see Terms and Conditions "Energy Saving Calculation Requirements" section for requirements).
- Energy Cost Savings in dollars per year was calculated using Electric Rate Calculator on City of Cuyahoga Falls web site under Utilities - Electric.
- Line item detail of cost estimates and quotes if obtained.

Estimated Annual Energy Consumption Savings (kWh/year):	Estimated Project Cost (\$):
Estimated Energy Demand Reduction (kW per monthly billing period):	Estimated Simple Payback (years):
Estimated Annual Energy Cost Savings (\$/year):	Anticipated Project Start Date: Anticipated Completion Date:

* To calculate, use rate calculator found on the City of Cuyahoga Falls web site at the Electric or Commercial & Industrial Energy Efficiency Program web pages.

NOTE: You will receive notification of receipt of your pre-approval application. If you do not, please call 330-971-8287.

Incomplete applications will not be accepted.

NOTE: As stated in the terms and conditions, verification of existing equipment must be conducted by CFES or their designee prior to starting project for projects to be eligible.

Customer Signature Required	
I certify that the statements made in this application are correct to the best of my knowledge and I have read and agree to the program Terms and Conditions	TITLE _____ DATE _____
