

**Cuyahoga Falls City Council  
Special Committee to Explore Audio Options  
for Council Chambers**

**March 19, 2018**

**Members:** Mike Brillhart, Chair  
Paul Colavecchio, Vice Chair  
Russ Iona  
Jeff Iula  
Mary Nichols-Rhodes

Mr. Brillhart called the meeting to order at 6:52 p.m. All members were present.

**Discussion:**

Mr. Brillhart stated that the only order of business that he would like to discuss feedback on the visit to the old Council Chambers in City Hall.

Mr. Iona stated that it is a beautiful facility that would be their own. In looking at the old Council Chambers, parts of it aren't ADA accessible. At this point in time, it sounds like to relocate Council somewhere else could be very expensive. He would not be in favor of incurring a lot of costs. As much as he doesn't like the sound quality here, he doesn't want taxpayers paying extra money for something that may or may not be needed immediately.

Ms. Nichols-Rhodes stated that it would be perfect, except there is no close ADA bathroom and there is only one entrance that is easy to get in and out of. She asked some questions of the Service Director as to whether it would be a big project to put a bathroom in and a new entrance or exit. Her suggestion at this time would be that Council look at what was said and come up with other questions. Between all of them, there might be other ideas. If Council has other questions to ask of the Service Director, they can send him an e-mail, and he can send a reply to everybody. She stated that they need to be tossing around some ideas and moving forward on this.

Mr. Brillhart stated that he agrees. For the next meeting, they may explore some other audio options. They don't need to rush into this.

The meeting adjourned at 6:56 p.m.
