Legislation Discussed:

Temp. Res. B-70

Discussion

Temp. Res. B-70

A resolution urging the Ohio General Assembly to promptly enact pending legislation which would regulate dangerous hallucinogenic substances that are currently being marketed as bath salts and plant food, by adding such substances to the list of controlled substances identified in Section 3719.41 of the Ohio Revised Code, and declaring an emergency.

Mr. Janis stated that by the time the Administration submitted this legislation and it came time to discuss it tonight, the state legislature added it to H.B. 64 which was passed. Therefore, this legislation is now moot because the items be requested of the General Assembly to accomplish have already been done.

Mr. Ihasz stated B-70 would continue to be held in Committee until it expired.

Meeting adjourned at 6:48 p.m.
