January 6, 2003

Members: Mr. James, Chair
Mr. Gorbach
Mr. Flinn

Mr. James called the meeting to order at 6:30 p.m. All members of Committee were present.

The minutes from the December 16, 2002 Public Affairs Committee meeting were approved as submitted.

Legislation Considered

Temp. Ord. No. A-188
Temp. Ord. No. A-191

Temp. Ord. No. A-191

Mr. James indicated that A-191 was being held at the request of Administration. Mrs. Carr stated they are currently negotiating with Waste Management regarding the landfill issue and feel they should wait until those negotiations are concluded before discussing this legislation. She expects to see a resolution to the negotiations within the next two weeks so they will possibly be ready to discuss this legislation at the next committee meeting.

Mrs. Hummel addressed the audience stating that while Council will not be discussing this legislation, if anyone was present who wanted to speak about it, they could take this opportunity. No one spoke from the audience regarding the legislation.

Temp. Ord. No. A-188

Mr. James read A-188 (second reading). Capt. Conley first spoke with regard to the "No Parking From Here to Corner" sign on the east side of 6th Street to 71 feet north of Falls Avenue. Currently, signs must sit back 100 feet from an intersection. In this instance, 100 feet would put the sign in a driveway so they are requesting it be moved to within 71 feet of the intersection. They have determined it will not be a hindrance for motor vehicle traffic. With regard to the 4-way stop sign at 3rd Street and Stow Avenue, they feel this sign will help regulate traffic while the construction of the new natatorium continues. The times of most problems are during morning hours and afternoon hours which is

basically all school traffic. This four-way stop will regulate this traffic during those times. They will look at it again when they open the drive back up.

Committee recommended bringing out A-188.

Meeting adjourned at 6:34 p.m.
