Cuyahoga Falls City Council
Minutes of the Public Improvements Committee Meeting
September 4, 2007

Members: Jerry James, Chair
Debbie Ritzinger
Terry Mader

Mr. James called the meeting to order at 6:07 p.m. All members were present.

The minutes of the July 16, 2007 and August 20, 2007 committee meetings were approved as submitted.

Legislation Considered

Temp. Ord. B-109

Discussion:

Temp. Ord. B-109
An ordinance authorizing the Director of Public Service to execute a modification of the contract for the relocation and construction of a new public roadway, and declaring an emergency.

Mr. Demasi stated a few items were encountered during the construction and relocation of Main Street. Also, a revision was made to the masonry wall by changing the type and size. They found a shallow storm sewer which needed a concrete cap, and they also discovered a buried canal which fed into Canal Place that needed to be worked around.

Mr. Gorbach questioned the change in the type of wall. Mr. Demasi stated they made the wall more complementary to the face of the existing Americhem Building. The City bore the cost of that change.

Mr. Flinn asked if there were any plans to extend that portion of Main Street through to Munroe Falls Avenue. Mr. Demasi stated the current work was Phase I of the plan and that they are looking into a second phase which would include taking the road to Newberry. Mr. Demasi added that they still have one more layer of paving to do for the street.

The Committee recommended bringing out Temp. Ord. B-109 for approval.

The meeting adjourned at 6:35 p.m.
