Mr. Bell indicates that nothing has changed since the last discussion and the figures were correct. Some of the names may have changed due to homes being sold, but the figures were correct.

Mrs. Pyke indicates Janice Kurtz of 1755 High Street sent her a fax thanking Council for the work on High Street. Mrs. Pyke also thanks the Administration for their efforts on this enormous task.

Jim Long, 657 Lynne Drive, questions if Taylor Avenue's sewer/storm sewer be put in? Mr. Bell states it will.

Donna Bowman, 1756 High Street, thanks the Administration for the tremendous work and feels the quality of life has improved.

*The committee recommends bringing out Temp. Ord. A-121.*

<b>A-123</b>	An Ordinance authorizing payment of the moral claim of Nick Maximovich and Kathryn Maximovich, and declaring an emergency.
--------------	--

Virgil indicates this was a claim where our water department snagged their lateral water line and ripped it out of their house. The damage to their basement and after discussion with them we agreed to \$850.00 for the repairs and they have already signed a release for payment.

*The committee recommends bringing out Temp. Ord. A-123*

<b>A-124</b>	An Ordinance providing for the transfer of funds from the monies received from FEMA and increasing appropriations within the FEMA Public Assistance Fund for the year 2004, and declaring an emergency.
--------------	---

Joe indicates that last year when we were declared a national disaster area we were able to apply for damages to our infrastructure. This Ordinance takes the money (\$164,047.00) and redistributes it to the funds that incurred the claims. This amount is not for the full amount, but is the only money we will receive. There were some funds from Tech Services that were denied.

*The committee recommends bringing out Temp. Ord. A-124*
