#### **Temp. Ord. A-79 HELD**

#### **Miscellaneous Business:**

Mary Ellen acknowledges that city thought outside the box at a recent sanitation meeting for the roll out of the 96-gallon carts. There will be a Party Pack for residents who are having gatherings/parties. Sanitation will come pick them up on a special pick up on Monday. We are looking to have a different color dumpster for the Party Pack stuff and Valerie will address this in the future. You can pick up additional recycling bags at Utility Billing. Valerie indicates a need for another round of recycling education. Mr. Gorbach has reiterated to residents that the administration will be working with them to accommodate their needs, whether it is moving, parties, and other needs. Many good questions arose at the Saturday meeting and the city is pursuing the answers.

*The Public Affairs Committee Meeting was adjourned at 7:29 p.m.*
