

Cuyahoga Falls City Council

Minutes of the Public and Industrial Improvements Committee Meeting April 18, 2005

Chair: George Potts; Vice Chair: Mary Ellen Pyke; Member: Don Walters

Mr. Potts called the Public and Industrial Improvements Committee to order at 6:58 p.m. All members of Committee were present. The minutes from the 4-4-05 Public and Industrial Improvements Committee meeting were approved as submitted.

Scheduled legislation:

B-59	An Ordinance authorizing construction of the extension of the sanitary sewer and waterline on Akron-Cleveland Road in the City of Cuyahoga Falls in the area recently annexed from Boston Township by a private developer and accepting dedication of the same, and declaring an emergency.
------	---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

Tom indicates the developer wants to extend sewer/water on the east side of the road for the development. This will go all the way in front of the property and be available to other residents. Mr. Potts questions the status of the JEDD. Virgil indicates it has to be approved by vote of the people or by petition. The ball is in their court and he is awaiting that decision. Mrs. Klinger indicates she was informed they were waiting on something from the City.

Mrs. Carr indicates that there will be new legislation to rename portions of State Road in the near future.

The committee recommends bringing out Temp. Ord. B-59

Held legislation:

The PUBLIC AND INDUSTRIAL IMPROVEMENTS COMMITTEE meeting adjourned at 7:00 p.m.
