Discussion:

Mr. Anthony Zumbo, Service Director, stated that they have contacted a vendor regarding replacing Council's desks. They wanted to come in and take a look at the setup to help them, and were able to do that today. They will doing something trapezoidal, such as they are now, so, it would be lineal. This vendor is going to work with a number of manufacturers to see what they can do regarding the project and cost.

Ms. Nichols-Rhodes stated that Council has explored different avenues. It was thought maybe they could move over to the Mayor's Court area, but there were some expensive issues. This move is so that once the desk situation is figured out, they know where the equipment will be, so that sound companies could come in and know the space and see what the layout would be and be better able to give estimates.

Mr. Brillhart stated that, at this time, the Committee will continue to gather information, and hope there will be more information at the next meeting.

The meeting adjourned at 6:49 p.m.
