Mrs. Penta called the meeting to order at 8:05 p.m. All members were present.

The minutes of the March 6, 2023 Public Improvements Committee meeting were approved as written.

Legislation Discussed:

Temp. Ord. B-36

Discussion:

Temp. Ord. B-36

An ordinance authorizing the Director of Public Service to enter into a contract or contracts, according to law, for the Second Street Sanitary Sewer Rehabilitation, and declaring an emergency.

Mr. Tony Demasi, City Engineer, presented Temporary Ordinance B-36 to Council. The Director of Public Service will be authorized to enter into a contract or contracts, according to law, for the Second Street Sanitary Sewer Rehabilitation. The Director of Finance will be authorized and directed to make payment for same from the Sanitary Sewer Fund, Line Item Capital Outlay.

Mr. Demasi stated that this ordinance would authorize the City to spend \$52,000 to line a section of failing sewer near Second Street between Harmon Court and Grant Street. Lining the sewer is more cost effective than the over \$500,000 it would cost to excavate the entire area for repair. Mr. Demasi stated that this was bid on March 28th and was granted to Insite Pipe Contracting Company out of Pennsylvania.

Mrs. Penta asked for a timeframe for completion. Mr. Demasi stated that once they begin work, it will take a week to complete. Mrs. Penta stated that this project was budgeted and, because they saved on other projects, they were able to do this now.

Mr. Stams moved to bring out Temp. Ord. B-36 with a favorable recommendation, second by Mr. Miller. Motion passed (3-0).

The meeting adjourned at 8:08 p.m.
