

PUBLIC NOTICE
REQUEST FOR QUALIFICATIONS

The City of Cuyahoga Falls is now soliciting qualifications from engineering firms interested in inspecting and assessing the Route 8 center median street light steel poles within the city limits for corrosion and damage and examining their bases for structural soundness. The inspection results should be able to be compared to a similar inspection and assessment performed in 2013. It is desired to have NACE/AMPP-certified technicians/engineers on the job.

For more information, including what the State of Ohio requires on a statement of qualifications, please contact Michael Dougherty at doughertymd@cityofcf.com or 330-971-8049.

Completed statement of qualifications packages must be submitted to the Cuyahoga Falls Electric Department c/o Michael Dougherty, 222 Cochran Road, Cuyahoga Falls, Ohio 4422, or emailed to doughertymd@cityofcf.com no later than 2:00 p.m., on April 23, 2025.

We are an Equal Opportunity Employer.
