GAME REGULATIONS

- A. The following procedure is to be followed by team managers and game officials:

 2. All team managers are responsible for the full control of their team members and their fans.

GAME RULES

- A. Smoking, smokeless tobacco, and vaping will not be permitted by team members, umpires, and fans on the playing field. This includes base coaches.

- G. Tied Games: A. A tie ball game will begin the extra inning(s) using the International Tie Breaker (ITB) Rule until a winner is determined.
B. At the start of each inning, a runner is placed on second base with the intent of accelerating opportunities to score and bringing the game to a speedier conclusion. The runner is the last batter to complete a turn at bat in the previous inning. At least one full inning is played, allowing each team the same chance to score. If the score remains tied, the same process is used in each inning until a victor emerges (one team scores more runs than the other at the end of a complete inning). When using the ITB a courtesy running cannot be used for the runner placed on 2nd base until the runner has advanced to 3rd base.
- H. Game starting times may vary for different leagues depending on number of teams.
- I. If teams desire to warm-up, they must do so on the sidelines before their game is scheduled to start. Ten minutes prior to the start of the first game, the officials may clear the field to prepare for the start of the game.

GAME RULES (continued)

- J. Both the home and visiting team managers are required to sign umpire's card and provide the umpires with their line-up. This is to be done before the game is underway.
- K. There is to be no parking on the grass at Water Works Fields. This applies to officials, spectators, and players.
- L. Pitchers will be permitted five warm-up pitches before start of game and one before each inning.
- M. If, in the opinion of a game official, a team or player has any equipment that is detrimental in terms of safety, he may require said team or player to discontinue its use.
- N. The out of play lines at all fields include a line extending from the home run fence straight out to each out of play pole.

PLAYING RULES

ALL LEAGUES

A. EXTRA PLAYERS

1. The extra players provide an opportunity for all players to bat in your line-up. The rule is optional, but if it is used, it must be made known prior to the start of the game, and be listed on the scorecard in the regular batting order. If the extra players are used, they must be used the entire game. There is no limit to the number of extra players a team can use; however, if an injury or ejection occurs and no substitutes are available the team must take an out in the missing player's position in the lineup. A team is permitted to finish the game with as few as eight players. An ejected player may not enter the line-up again during the game.

B. SUBSTITUTION

1. Players may enter the game no more than twice.
2. Once removed, players must remain out of the game for one full inning (six outs).
3. Substitutes, as well as re-entries, must be placed in the same position in the batting order in which they were substituted.
4. Eligible roster members may be added to the substitute list at any time during the game. A player may not be in the lineup until he/she is present at the game.
5. A courtesy runner will be allowed once per inning. The person who made the last out will be the courtesy runner (same sex in coed).
